

RIGGER

As part of NTG Mast Group's service division, RigPro is the only truly global rigging service provider, with an unparalleled ability to deliver engineered solutions on any type of rig and rigging. Thanks to our global presence and rapid response, RigPro can reach our customers wherever they are, whenever they need us, and we are committed to the top standards of customer care and service.

Your Mission

As a Rigger you will be responsible for stepping and commissioning a variety of projects from superyachts to race yachts and expected to deliver the highest standards within the marine industry. Rigging, sailing, practical maintenance of masts and booms will be your primary roles. To get your goals, you will work together with an experienced team of Project Managers, other Riggers, Designers, Contractors and Mast Technicians.

Main Responsibilities

- To keep up to date with all project communication with the ability to provide knowledgeable input when necessary.
- To identify customer needs and propose to fulfil them with the appropriate company services or products.
- To contribute to the development of technical and practical solutions.
- To be able to communicate effectively with all parties involved within the project.
- To understand project budgets and contribute to the development of project timeline, estimates and proposal.
- To liaise on multiple international projects and stakeholders.

What we need from you

Technical skills

- Around 5 years' experience in a similar role.
- Professional sailing experience or working as shore crew.
- Experience with carbon fibre products, mechanical works and understanding of hydraulics/electrical systems will be an advantage.
- University Degree or related.
- Proficiency level of English.
- Driving license.

Personal skills

- You are a highly motivated person and ethically performance driven.
- You will show your leadership skills while managing projects.
- You will stay focused and show your organizational skills while working under pressure.
- You are a problem-solving person and will keep a can-do attitude in your daily tasks.
- You have good communications and interpersonal skills.

What we offer

- For a marine professional in the marine industry nothing beats working at RigPro you will have the opportunity to work on the world's greatest yachts, with some of the world's greatest sailors.
- A number of our team regularly sail in top events like the Superyacht Cup Palma.
- RigPro team members are sometimes seconded to top race teams, including America's Cup teams.
- Being part of the group that leads the way in developing above deck systems for the world's most advanced race yachts, from the America's Cup to the world's most eminent Superyachts.
- You will join the world's most trusted sailing system advisors.
- The possibility of taking part in a variety of projects with opportunities to engage with a global team and client base daily.
- Permanent contract.
- Flexibility to match other commitments and activities... like sailing!

*FUTURE FIBRES RIGGING SYSTEMS, S.L. is committed to the development of policies that integrate equal treatment and opportunities between women and men, and that avoid any type of direct or indirect discrimination based on sex. We promote and encourage measures to ensure that equality is real and effective within our organization, establishing equal opportunities between women and men as a strategic principle of our Corporate and Human Resources Policy, in accordance with the definition of this principle established in Organic Law 3/2007, of 22 March, for effective equality between women and men.

In each and every one of the areas in which we carry out our activity, from recruitment to hiring, including salary policy, training, working and employment conditions and occupational health, we assume and apply the principle of equal opportunities between women and men. We also promote the organisation of working time to facilitate the reconciliation of personal, family and working life with the aim of improving the quality of life and satisfaction of our staff.

The principles set out above are put into practice through the implementation of an Equality Plan that represents an improvement in our management system and the guarantee of having an internal structure free of gender discrimination. In this way, we also want to contribute to the progress towards a society in which equality is firm, real and effective.
